EXPERIENCE

Sage Condos Living
2017

Graphic Designer
- Used Adobe Photoshop and Illustrator to create business cards, banners, and poster boards, while adhering to client specifications
- Followed an iterative approach to continually translate client needs and modifications into workable design specifications

University of Guelph
2016-2017

Full Stack Web Developer
- Built a mobile responsive, AODA compliant, submission web service under the Laravel Framework using PHP, CSS3, HTML5, MySQL, Blade, and Bootstrap
- Exercised the Model View Controller pattern to create a more cohesive and modular system
- Worked in a fast-paced environment with Agile development methodologies to facilitate User-Centered designs
- Assisted a team of 5 to standardize coding methods, interpret system specifications, conduct version control using Git, and review Github issues, merge requests, and conflicts
